

# IR-1000

## Infra-red Drying / Shrink Tunnel

### Exceptional Features:

- Used for drying containers after steam tunnel or for shrinking sleeves
- Industrial Durability – robust, heavy gauge formed stainless steel construction
- High reliability and low maintenance requirements
- Digital temperature control – easy to set up
- Modular construction – Multiple units can be used
- The tunnel can be fitted on an existing conveyor

### Technical Specifications

- Dimensions: 1007 mm L x 403 mm W x 402 mm H (39.6" L x 15.9" W X 15.9" H)
- Power: 9 X 650 W = 5.85 kW
- Electrical Requirements: 380 VAC / 3 PH / G
